Dear Ms. Willow,

With our heartfelt thanks and feelings, we want to express our genuine gratitude for all the hard work that Ms. I-Ling and Ms. Cindy have done during this academic year. They have given a new dimension to teaching with unique and innovative ways. Our daughter Aileen has enjoyed her time in school and learned a lot.

We really appreciate the way School encourages students to put their best efforts in understanding assignments given by teachers. We are impressed by you and teachers that make even the most boring topics in very interesting manner by using innovative ways.

Once again we would like to extend warm thanks to you and teachers (Ms. I-Ling and Ms. Cindy) for all the superb work you have done and wish you best wishes for your future endeavors.

Yours Sincerely,

Eric Wu and Beiqi Gu

(Parents of Aileen Wu in Class# 3)
